

The First DiSC® In-Depth Relationship Assessment

Today's workplace demands productive communication, positive relationships, and extraordinary performance. To bolster employees' skills, organisations have relied on tools that teach individuals about their own style and how to apply it in various settings. Until now, there was no way to directly apply this learning to relationships. Now these critical skills can be developed as never before with *DiSC® Indra™*.

Create New Levels of Understanding

DiSC Indra offers a model of human relational behaviour unavailable in any other DiSC-based assessment. This innovative model brings DiSC learning and understanding to the next level — to that of the relationship itself. It maps and measures the relationships of people, providing individuals and groups with feedback concerning the interrelatedness of different DiSC styles. *DiSC Indra* is designed to highlight the areas of compatibility and incompatibility, pinpointing individuals' differences and providing insight about how to work together more effectively.

Take DiSC® Learning Further

For nearly 30 years, people and organisations have used DiSC® to learn more about themselves and the impact of their behavior on others. The DiSC model explores four primary behavioural styles: Dominance, Influence, Steadiness, and Conscientiousness.

DiSC Indra™ represents the integration of DiSC with the concepts and methods of Interpersonal Psychology. The result is a mathematically precise model that helps people measure and explore the interpersonal dynamics of their relationships.

Detailed Reports Provide Three Levels of Interpretation

DiSC Indra's feedback reports provide insight on individuals, dyads (pairs), and groups. Explore the compatibility of specific people, teams, committees, departments — even the entire organisation. *DiSC Indra* is the first DiSC-based assessment to offer this kind of in-depth, targeted feedback.

Enhanced Applications

DiSC Indra is designed to be used in any setting where interpersonal effectiveness is key to the success of individuals and teams, including leadership, coaching, teams, communication, and conflict resolution.

Available online via the EPIC platform, *DiSC Indra* offers unprecedented flexibility and control in delivering cutting-edge DiSC learning.
